Sport Jujitsu Competition Rules – Expanded Version

Approved 1/16/10 by the JA Sport Jujitsu Committee.

INTRODUCTION

The goal of the JA Sport Jujitsu program is to promote a balanced and vigorous approach to competition Jujitsu that provides equal opportunity for competitors from any martial arts background to succeed. The training focus may be in any style of Jujitsu or any other arts combining or including striking and kicking, throwing and takedowns, or grappling. JA Sport Jujitsu tournaments have included practitioners of many different styles of Jujitsu, as well as Judo, Hapkido, Kajukenbo, Karate, Kung Fu, Muay Thai, Tae Kwon Do, and others. Providing a safe format for aggressive competition in this open-style format offers a fun competition experience for all.

Strong competition provides a healthy opportunity for participants to test their skills while allowing the athlete to develop physically, mentally, and culturally. Beyond dynamic competition, good sportsmanship and competitor safety are of prime concern within the JA Sport Jujitsu program. Competitors range in age from 6 to 60+, with most competitors planning to compete with 100% focus on tournament day, then going back to school or work the next day. In order to ensure this, the JA Sport Jujitsu program has employed a range of safety rules designed to protect the athletes, while allowing them to fully test their skills and techniques in competition.

The JA Sport Jujitsu program delivers an exciting, balanced, and fair competition format. Points are awarded for striking or kicking to legal target areas, for effective throws and takedowns, and for matwork (pins and submissions). Matches consist of two two-minute rounds with a one-minute break. Points are totaled at the end of each round and the winner is determined based on accumulation of points or by immediate win if a competitor accrues two submissions during the course of the match.

SECTION 1 JIJITSU AMERICA SPORT JIJITSU SYSTEM

- A. The Jujitsu America Sport Jujitsu System is composed of 3 Parts:
 - i. Part 1: Strikes and kicks.
 - ii. Part 2: Throws, takedowns (plus standing chokes/strangulation for adults).
 - iii. Part 3: Mat techniques, pins (plus joint-locks & chokes/strangulation for adults).
- B. The fighting time per match is divided into two rounds of two minutes each, with a one-minute break.
- C. When the same athlete is involved in consecutive matches, a recovery time of 10 minutes will be allowed between the matches.

NOTE: Joint-locks and chokes/strangulation techniques are reserved for adult competitors and children aged 10 to 13 who enter the submission division. Those children must be advanced (green belt and above). The Mat Referee may make the decision to call submissions/match on behalf of competitors in order to prevent injury especially in children's divisions.

SECTION 2 DIVISIONS

See Divisions listed on the following pages. The table is identical for both the Male Divisions and for the Female Divisions, which are conducted separately.

Divisions may be collapsed as required by the event organizers in order to have sufficient pools of competitors. Conversely, if the number of competitors allows, then the event organizers may add additional divisions based on gender, age, weight, and rank/experience.

The overarching goal is to create divisions that as closely as possible match competitors based on gender, age, weight, and rank/experience.
